Reducing safety risks is a main goal of our facility. It is vitally important that all participants follow all safety rules and instructions that are solely designed to protect the safety of all participants. However, participants and parents/guardians of minors registering for these programs must recognize that there is an inherent risk of injury when deciding to participate in recreational programs/activities.

By this agreement, you are solely responsible for determining if you or your minor child is physically fit and/or adequately skilled for the activities described by this agreement. If there is any doubt of your minor's ability to participate, it is suggested to consult a physician before participating.

Golfing is an outdoor activity that is intended to challenge and engage the physical, mental, and emotional abilities of every participant. However, even proper and careful preparation, instruction, medical advice, conditioning, and equipment, there is still a safety risk and risk of serious injury. Not all hazards can be foreseen or completely prevented. It is to be noted that The Golf Club of Bucyrus cannot guarantee absolute safety for participants.

Please read this form carefully. By signing up and participating in this activity, you are assuming the risk and legal liability and waiving and releasing all claims for injuries, damages, or loss that your minor child could sustain as a result of participating in any/all activities (even transportation services, such as golf cars, when provided).

I recognize and acknowledge that there are certain risks or physical injury to participants in this program/activity, and I voluntarily agree to assume the full risk of any and all injuries, damages or loss, regardless of severity, that my minor child or I may sustain as a result of participating.
